

BEVERAGE & WINE CENTER | Double Zone

The solution to meet your beverage preservation needs.

SKU: ARBS52SS | CATEGORY: UCR

It incorporates two distinct cooling zones, each adjustable to specific temperatures, facilitating the preservation of a diverse range of beverages and wines at their optimal freshness levels.

The UV double-layered tempered Glass Door provides protection against aging for bottled beverages. Additionally, the unit technology guarantees a consistent airflow between bottles, further enhancing preservation conditions.

Sustainable friendly, the unit will save consumption by maintaining a uniform temperature control and lights optimization.

Keep a high performance without the noise, with a speed-control motor that minimize vibrations and reduce exterior sound levels. .

With a hidden concealed hinge within the door, it enables the refrigerator to fit seamlessly within the cabinetry.
